Andre Mendonca
Front End Developer

andremendonca.me | +61 0451 009 412 | andremendonca.033@gmail.com

---

I am Andre Mendonca, a web developer focused on Front End technologies such as React, JavaScript, HTML/SCSS and UI Design. I am an open-minded, friendly and highly adaptable programmer who is ready to collaborate in a team or work by myself, always delivering the best productivity possible.

Please, check my projects at my portfolio: andremendonca.me

Education

Information Technology   *Sep 2022 - Now*
Wells International College

Front End Development and UI Design   *Feb 2021 - Sep 2022*
Origamid

Portuguese - Fluent   **English** - Advanced (Cambridge CAE)

Experience and Projects

- Use of **React JS** to create "The Safe", a financial tracker application where I handled React **Hooks** like useEffect, useRef and useState to create reactive and unique states of elements. Construction of a Global Storage of data in order to spread all useful information through a **Context** with useContext.

- Use of several **JavaScript** functionalities in "Fantastic Animals" divided into JS **Modules** such as Mobile Menus, Tab Navigation, Modals, Tooltipss, Mutations and a variety of page Animations in a clear and modern syntax.

- Robust experience with **HTML/CSS** to create "Giancarlo", a traditional fancy restaurant. Built using variables and mixins from **SASS/SCSS** to recycle code along with a faster development process.

Specific Skills

➔ **React**

  Components, Hooks, Custom Hooks, useReducer, Contexts, Forms, CSS Modules, React-Router-Dom.

➔ **JavaScript**

  DOM Events, JS Modules, Data-Types and Methods, Promises, Async/Await, Fetch API, REGEX, Classes, Loops, Iterables, Operators.

➔ **HTML/CSS**

  Responsive Layouts, Semantic HTML, Accessibility, SEO Methods, Complex CSS Styles, SASS/SCSS and LESS preprocessors.

➔ **WordPress and CMS**

  WP Themes and Templates, PHP, Content-Management-System, Custom Fields.

➔ **UI Design**

  Figma, Space and Alignment, Grid, Colours and Themes, Typography, Interface Components.
